Objective

Computer Science student focused on full-stack development, seeking an internship to contribute to real-world React/.NET projects and grow as a developer.

Education

Bachelor of Science in Computer Science — Universum College (Expected Graduation: 2026)

Technical Skills

Languages: JavaScript, C#, SQL

Web: HTML, CSS, React, Node.js, Express, REST APIs

Backend: .NET, Entity Framework

Tools: Git, GitHub, VS Code, Postman, SQL Server

Projects

Inventory Management System — Node.js, Express, JavaScript

- Built full CRUD inventory system with product tracking, stock updates, and user authentication.
- Designed REST API with MVC structure and modular routing.
